

YOSOGO Writing Instrument Sdn. Bhd. or in short “**YOSOGO**” was established in the year **1989** and today, we have grown steadily to become one of the leading stationery manufacturer in Malaysia. With approximately 140 employees and land area of 48,000 sqf, **YOSOGO** is one of the biggest stationery company investing in machineries and equipment in Malaysia.

Gaining from years of experience, R&D and success, not only have we built a formidable reputation in Malaysia for producing famous brands of stationery items, our OEM (Original Equipment Manufacturers) and custom-made products are exported to over 50 countries such as Europe, Eastern Europe, Russia, Far East, S.E.A, Central America, Australia, India, Middle East & Africa.

In the pursuit of excellence, we constantly invest in human capital and quality assets to ensure that our clients enjoy unsurpassed quality, competitive pricing and reliable services.

As an ISO 9001:2008 company, we are committed to implement the below quality objective and policy.

Quality Objective

- To achieve **ZERO** customer complaint.
- To achieve minimum **60days** delivery lead time.
- To achieve at least **90%** stock accuracy in stock control.
- To achieve internal and external rejection rate of less than **1%**.

Our Mission

- To produce high quality office and stationery products at competitive prices.
- To create & inspire employee engagement, to be more intrinsically motivated.

Quality Policy

- To build trust, transparency and confidence to all our stakeholders.
- To sustain organizational excellence through visionary leadership and innovative effort.
- To establish and review quality objectives in the areas of customer satisfaction, supply chain management and cost reduction.
- To enhance the skill and competency of our employees to effectively meet the changing requirement of customers and to inspire confidence.

Our Story began by manufacturing **Permanent & Whiteboard Marker Pens**. It is our major item till today alongside with our other existing products that include **magnetic whiteboard / chalkboard, tape dispenser, whiteboard erasers, rulers, clips, rubber band** and etc.

Apart from producing the stationery items under our own brand **YOSOGO**, we also provide OEM (Original Equipment Manufacturer) service. Today, we are the proud OEM partners of many established and famous brand owners in Europe, Japan and Korea.

Our History

1989 - Our Humble Beginning

Yosogo Writing Instrument was founded by the two brothers Mr Teh Aik Chai and Mr Teh Elk Kee. They began to manufacture ball pens and markers in a small scale in Sungai Puyu, Butterworth with a floor area of about 2,600 sqf. There were only 7 workers including the directors. The ball pens were named "JOTJOYS" and the markers, "BENHILL". Back then, we have one Swiss-made ball pen refill and assembling machine.

The ball pen tips were from Switzerland, the inks are from Germany. As for markers, the inks and the reservoir are from Germany and the nibs are from Japan.

We also manufactured letter opener pens for hotels and the name of hotels were printed exclusively for them. We supplied to more than 70% of hotels in Malaysia and Singapore.

1991

Encouraged by Malaysian government to do exports, we started to attend exhibitions around the world to promote Malaysian made quality products.

This resulted in our expansion and moved to a bigger premise with a floor area of 7,200 sqf in Jalan Permatang Pauh, Butterworth. At the same year, we acquired another German Injection Machine.

1998

As export order increased, our stock inventory also increased in tandem. We further leased 4 more adjacent units and the floor area increased to 28,800 sqf. By then, we have over 50 workers with us.

2002

We started a new production line for presentation board.

2013

Obtained **5S Standard** certified by MPC (Malaysian Productivity Corporation).

2015

We went through some extreme changes in order to obtain **BSCI Accreditation**.

1990

We acquired two units of German Injection Machines and made moulds to plastic inject our very first marker pens under the brand name "YOSOGO". We were one of the first two manufacturers in Malaysia who produced both permanent and whiteboard markers using alcohol-based ink unlike some markers in the market with xylene-based ink which is toxic and hazardous to health.

1994

We acquired another two injection machines from Taiwan to fulfill other plastic made products such as tape dispensers, lineal rules/rulers, colouring palettes, dry-wipe erasers, paper clip holders and French Curves, amongst others.

We acquired another 7,200 sqf and expanded our floor area to 14,400sqf in order to cater for our expansion in production.

2000

Our business further grew and we needed additional space for storage thus by then, the total floor area has expanded to 33,000 sqf.

2004

We finally have our own factory in Mak Mandin Industrial Estate, Butterworth, Penang, with a land area of 48,000 sqf where we are able to integrate manufacturing processes more efficiently.

2016

In the process of achieving **ISO9001-2008 Standard**

To-Date

We now have approximately 140 employees and more than 30 different machines including 9 plastic injection machines. We have made our presence in over 50 countries. The company has achieved an annual turnover of USD4 million.

STATIONERY ITEM PRODUCTION PROCESS

Incoming Raw Material

Plastic Injection Department For Moulding Plastic Parts

Marker Pen Automatic Assembling Machine

QC and Packaging Process

Finished Goods Store Waiting For Delivery Shipment

Container Finished Loading For Export

RUBBER BAND PRODUCTION PROCESS

Step 1:
Incoming raw material - rubber blocks

Step 2:
Masterbatch kneader machine to knead the rubber .

Step 3:
Roller Mill Machine for fine mixing.

Step 6:
Compounding knead machine to mix with curing agent and other accelerator agent in order to speed up the curing process.

Step 5:
Electronic weighing machine to weigh the masterbatch to its standard weight.

Step 4:
Batch off machine to cool down the head generated during masterbatch preparation.

Step 7:
Extruding machine to extrude according to its various sizes and thickness.

Step 8:
Air pressure tube- in process into desired diameter using pipes.

Step 9:
Vulcanizer to cure rubber tubes under high pressure steam & heat.

Step 12:
Filtering process to separate out the broken pieces/foreign objects.

Step 11:
Circular cutting machine to cut rubber tubes according to required width.

Step 10:
Removing rubber tubes from its pipes.

Step 13:
Rotating cylinder to coat the rubber bands with silicone oil to enhance the surface

Step 14:
Packing process.

Step 15:
Storage of rubber band in cool and dry place

MARKER PEN

Manufacturer For More Than 28 Years

ARE YOU STILL **SUFFERING** FROM...

- "DRIED" MARKER PEN
EVEN BEFORE USING IT ?
- "INK LEAKING" MARKER PEN
EVEN BEFORE USING IT ?
- "LOW QUALITY" MARKER PEN
AND GOT SCOLDED BY CUSTOMER ?

Do You **WANT...**

- A **BETTER** QUALITY MARKER PEN
WITH A COMPETITIVE PRICE ?
- TO **END** YOUR SUFFERING WITH
ALL THESE RETURNED MARKER PENS ?

“Why Choose **YOSOGO**® Marker Pen”

Since 1989

Cap / End Plug
- Made from virgin resin material

Filter
- From German company
- Superior anti leaking technology

Barrel
- Made from virgin resin material

Printing Film
- From Korea
- Vibrant Colours
- Scratch resistant

Nib
- From Japan
- Allow superior ink flow
- Extra smooth writing feel
- Hard polyester / acrylic nib
- Anti wear and tear technology

Ink
- From Europe
- Cap-off time up to 12 hours (room temperature)
- Excellent adhesion for permanent inks
- Excellent dry wipe system for whiteboard inks

STANDARD MARKER PEN

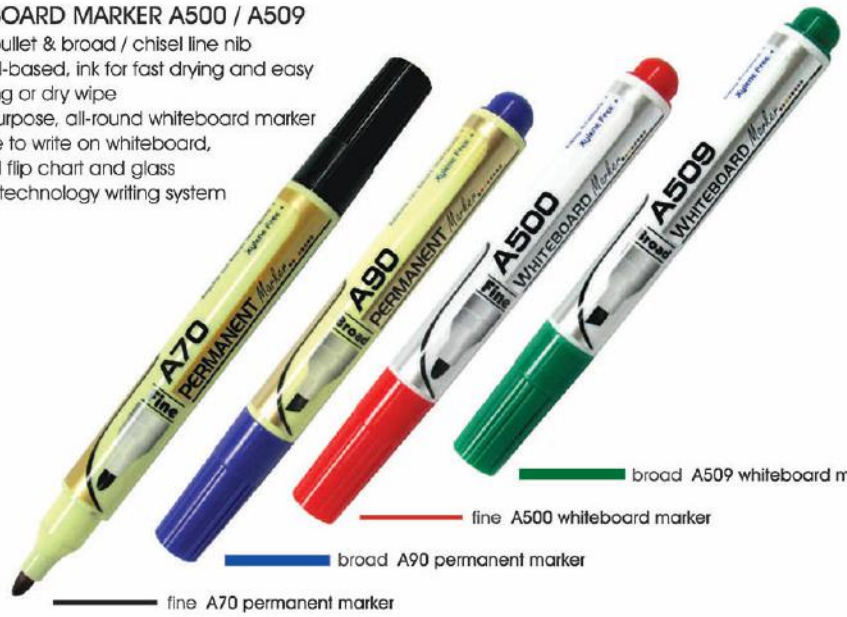

- **PERMANENT MARKER A70 / A90**
 - Fine / bullet & broad / chisel line nib
 - Easy and ideal for use on most surfaces
 - Japan technology writing system

Available Colours:

- **WHITEBOARD MARKER A500 / A509**
 - Fine / bullet & broad / chisel line nib
 - Alcohol-based, ink for fast drying and easy cleaning or dry wipe
 - Multi-purpose, all-round whiteboard marker suitable to write on whiteboard, coated flip chart and glass
 - Japan technology writing system

*A seed was
planted 28 years ago,*

Employees became the root,

*Customers and Suppliers
became the trunk,*

*Product categories
became the branches,*

*Product items
became the leaves,*

*And the tree
continues to grow,*

*Forever stronger,
forever blossom,
It touched
and changed lives...*
